

You have read the following post on an engineering blog:

LucyTech02

Posted Thursday, 9am

Hi fellow engineers,

Have you heard about *Engineers Without Borders*? It is an international organisation that wants to make the world a better place with engineering. For example, there are many engineering projects in developing countries. Wouldn't it be great to support such a group?

You have decided to comment on this blog post. In your **comment** you should:

- give reasons why *Engineers Without Borders* should be supported
- exemplify what kind of help a person with your training can offer
- suggest how to start one specific project

Write around **250 words**.

Notes (these will not be marked)
